

## Debate Writing For Class 8

### **Academic Excellence Is The Only Requirement For A Successful Career**

"The beautiful thing about learning is that no one can take it from you."

Respected judges and my worthy opponents, I stand before you all to speak in favour of the motion: "Academic excellence is the only requirement for a successful career".

Right to Education is the fundamental right of every child in the age group of six to fourteen years. The education system in the primary years is designed so as to provide basic knowledge of each subject and help the youth of today to choose their subject of interest for its deeper study that can only be provided effectively through universities. It plays a key role in the development of society and nation. Information cannot be converted into knowledge without education. Education makes us capable of interpreting things, among other things.

It helps in raising future leaders by providing them clear understanding and developing decision making abilities. It makes them resourceful and competent. Excellence in academics prepares children for the competition ahead and teaches them to work hard as well.

Moreover, Excellency will ensure admission to the best universities for higher education that provide exposure and a kick start to their career. To conclude, I would say that one who has it's academic future choices sorted out, has it's career planned out.

"The goal of education is the advancement of knowledge and the dissemination of truth".

Thank you.
